

Association of Certified Valuators and Analysts Southeast Asia Limited

Meeting of Certified Valuators and Analysts and NACVA International Chapters

Theme

“Global Trends and Challenges in Business Valuation”

(website : www.saacva.com)

27 June 2018 | PARKROYAL on Beach Road, Singapore

National Association of Certified Valuators and Analysts (NACVA) has launched international chapters in Africa, Canada, Europe, the Middle East, Taiwan, India and Australia expanding NACVA’s worldwide network and the globally recognised Certified Valuation Analyst® (CVA®) designation. The Association of Certified Valuators and Analysts Southeast Asia (SAACVA) joins NACVA’s established international chapters. It was established by a passionate group of business valuers whose interest is to promote and develop the business valuation professionals in Southeast Asia. SAACVA supports the users of business and intangible asset valuation services and financial forensic services as well as fraud detection and prevention, by training and certifying professionals in these disciplines.

In conjunction with the launch, this forum will discuss the global trends and challenges in business valuation and intellectual property valuation. Leaders from the International Chapters of NACVA will speak about the trends and challenges in their respective country or region. It is also a good opportunity for CVAs of all the international chapters to network with each other and keep abreast of the developments around the world.
